Dear Sir or Madam:

Enclosed please find an application for a Freshwater Wetlands Letter of Interpretation Extension. This application package was prepared by Joseph K. Shisler, and Alain P. Hebert of Blasland, Bouck & Lee, Inc.

In accordance with N.J.A.C. 7:7A please find enclosed the document entitled Freshwater Wetlands Letter of Interpretation Extension, including one copy of the site plan signed and sealed by Andrew N. Johnson, P.E. of Blasland, Bouck & Lee, Inc.

Attached to the above referenced document, please find your fee in the form of Blasland, Bouck & Lee, Inc. check # 000169906 in the amount of \$972.50, made payable to "Treasurer, State of New Jersey". The fee was calculated as follows:

- Original Letter of Interpretation Permit Cost (\$3,890.00) x 0.25 = \$972.50

CHECKLIST FOR ADMINISTRATIVE COMPLETENESS

APPLICATION REQUIREMENTS:

To be deemed administratively complete, an application for extension of a letter of interpretation (LOI) must include all of the following items:

- ☒ 1. A LURP-1 application form, completed in accordance with the directions on the form;
- ☒ 2. The appropriate fee, indicated in the fee table below, paid as follows:
- The fee shall be paid by personal check, certified check, attorney check, government purchase order, or money order;
 - For all projects except those in the Pinelands, the fee shall be made payable to **"Treasurer, State of New Jersey"**;
 - For projects in the Pinelands, the fee shall be made payable to "NJDEP-Pinelands Wetlands Program."
 - Each check, purchase order, or money order must be marked with the name of the applicant;
 - Each check, purchase order, or money order must indicate the type of letter of interpretation (LOI) for which the application is submitted (for example "presence/absence LOI");
- ☒ 3. Proof that the public notice requirements at A and B below have been met. (Note: To prove that an item has been sent to a person, submit either the white postal receipt you receive when you send the item by certified mail, or the green certified mail return receipt card.) All of the following must be submitted:
- X A. Proof that the municipal clerk has been sent a copy of the entire application that was submitted to NJDEP;
- X B. Proof that a completed copy of the notice letter found in Attachment A has been sent to each of the following:
- X i. The municipal environmental commission (if one exists);
 - X ii. The municipal planning board;
 - X iii. The municipal construction official;
 - X iv. The county planning board; and
 - X v. One of the following sets of neighboring landowners (applicant choose one option):
- Option 1 X All owners of land within 200 feet of the boundary of the site (see N.J.A.C. 7:7A-1.4 for a definition of "site").
- If this option is selected, the application must also include a certified list of landowners within 200 feet of the site, obtained from the municipality; or
- Option 2 If the application is part of a joint application for an LOI extension and a general permit authorization, all owners of land within 200 feet of the proposed disturbance.
- If this option is selected, the application must also include a tax map with the location of the proposed disturbance outlined, and with an area extending 200 feet on all sides of the proposed disturbance outlined; or

Option 3 ____ If the LOI is part of a joint application for an LOI extension and a general permit authorization for a linear development, trail, or boardwalk; and the project is more than one half mile long, proof that both of the following have been done:

- A copy of the notice in Attachment A has been sent to all owners of land within 200 feet of any proposed above ground structure (not including telephone poles, power lines or similar structures), such as an access road, treatment plant, power substation, or similar structure; and
- A display advertisement has been published in the newspaper of record for the municipality in which the site is located and in a newspaper with regional circulation in the region in which the site is located. The advertisement shall be at least four column inches in size;
 - To prove that this advertisement has been placed, the application must include a copy of the advertisement, or a copy of an affidavit from the newspaper, stating that the advertisement was published;

Note: if a site is located in more than one municipality or county, the notice requirements in item 3 above must be met for each municipality and/or county in which the site is located.

- ☒ 4. A copy of a USGS quad map, with the site clearly outlined (USGS quad maps can be obtained from the Department's Office of Maps and Publications – (609) 777-1038);
- ☒ 5. An up to date county road map or local street map, with the site clearly indicated;
- ☒ 6. A copy of the original LOI which the applicant wishes to extend; and
- ☒ 7. A copy of the survey or site plan submitted as part of the application for the original LOI which the applicant wishes to extend.

Re: Freshwater Wetlands Letter of Interpretation Extension Request Notification
Submitted By: Cytec Industries Inc.
Regarding Property At:

Block 10, Lots 8, 9, 10, 12 through 21; Block 11.01, Lots 10
through 14
Borough of Carteret, Middlesex County

Dear Sir or Madam:

I am sending you this letter to inform you that an application is being submitted for a permit or approval to the New Jersey Department of Environmental Protection (NJDEP) under the Freshwater Wetlands Protection Act rules, N.J.A.C. 7:7A. The permit or approval will either establish the boundary of freshwater wetlands on the above property, or will authorize me to conduct regulated activities on the property.

The application covers the following approval(s):

- ☒ Letter of interpretation (establishes the official boundary line of any regulated freshwater wetlands, open waters, or transition areas on the property, and if freshwater wetlands are present, identifies their resource value)
- ☐ General permit authorization (authorizes regulated activities, such as construction or development, in wetlands and adjacent transition areas)
- ☐ Individual transition area waiver (authorizes regulated activities, such as construction or development, in areas adjacent to wetlands)
- ☐ Individual freshwater wetlands permit (authorizes regulated activities, such as construction or development, in both wetlands and adjacent transition areas)
- ☐ Open water fill permit (authorizes regulated activities, such as construction or development, in open waters)

The activities for which the application requests NJDEP approval are (Checked are all of those that apply):

- ☒ No regulated activities, just establishing where regulated wetlands (if any) are found on the property
- ☐ Cutting or clearing of trees and/or other vegetation
- ☐ Placement of pavement or other impervious surface
- ☐ Placement of one or more buildings or other structures
- ☐ Expansion of existing pavement, buildings, or other structures
- ☐ Other (described below): _____

This application covers an extension of an existing Letter of Interpretation for the
Property originally approved by the NJDEP LURP on March 13, 1998.

If you would like to inspect a copy of the application, it is on file at the Municipal Clerk's Office in the town in which the property is located, or you can call the NJDEP at (609) 777-0456 to make an appointment to see my application at NJDEP offices in Trenton during normal business hours.

• The rules governing freshwater wetlands permits and approvals are found in the NJDEP's Freshwater Wetlands Protection Act rules at N.J.A.C. 7:7A. You can view or download these rules on the NJDEP Land Use Regulation Program website (www.state.nj.us/dep/landuse), or you can find a copy of these rules in the county law library in your county courthouse.

As part of the NJDEP's review of the application, NJDEP personnel may visit the property, and the portion of any neighboring property that lies within 150 feet of the property line, to perform a site inspection. This site inspection will involve only a visual inspection and possibly minor soil borings using a 4" diameter hand auger. The inspection will not result in any damage to vegetation or to property improvements.

The NJDEP welcomes any comments you may have on the application. If you wish to comment on the application, comments should be submitted to the NJDEP *in writing* within 15 days after you receive this letter. However, written comments will continue to be accepted until the NJDEP makes a decision on the application. Comments cannot be accepted by telephone. Please submit any comments you may have *in writing, along with a copy of this letter,* to:

New Jersey Department of Environmental Protection
Land Use Regulation Program
P.O. Box 439
Trenton, New Jersey 08625
Attn: Middlesex County Section Chief

When the NJDEP has decided whether or not the application qualifies for approval under the Freshwater Wetlands Protection Act rules, NJDEP will notify the municipal clerk of the final decision on the application.

If you have questions regarding the application, please do not hesitate to contact me at (609) 860-0590 extension 232.

Sincerely,

Carteret Borough, Middlesex County

Dear Mr. Johnson:

This letter is in response to your request for a Letter of Interpretation to verify the jurisdictional boundary of the freshwater wetlands and waters on the referenced property.

In accordance with agreements between the State of New Jersey Department of Environmental Protection, the U.S. Army Corps of Engineers Philadelphia and New York Districts, and the U.S. Environmental Protection Agency, the NJDEP, Land Use Regulation Program is the lead agency for establishing the extent of State and Federally regulated wetlands and waters. The USEPA and/or USACOE retains the right to reevaluate and modify the jurisdictional determination at any time should the information prove to be incomplete or inaccurate.

Based upon the information submitted, and upon a site inspection conducted on January 29, 1998, the Land Use Regulation Program has determined that the wetlands and waters boundary line(s) as shown on the plan map entitled "CYTEC INDUSTRIES INC. CARTARET, NEW JERSEY WETLANDS LOCATION MAP", dated August 7, 1997, unrevised, and prepared by Blasland, Bouck and Lee, Inc., is accurate as shown.

Any activities regulated under the Freshwater Wetlands Protection Act proposed within the wetlands or transition areas or the deposition of any fill material into any water area, will require a permit from this office unless exempted under the Freshwater Wetlands Protection Act, N.J.S.A. 13:9B-1 et seq., and implementing rules, N.J.A.C. 7:7A. A copy of this plan, together with the information upon which this boundary determination is based, has been made part of the Program's public records.

Page 2
Letter of Interpretation

Pursuant to the Freshwater Wetlands Protection Act Rules (N.J.A.C. 7:7A-1 et seq.), you are entitled to rely upon this jurisdictional determination for a period of five years from the date of this letter.

The freshwater wetlands and waters boundary line(s), as determined in this letter, must be shown on any future site development plans. The line(s) should be labeled with the above LURP file number and the following note:

"Freshwater Wetlands/Waters Boundary Line as verified by NJDEP."

In addition, the Department has determined that the wetlands on the subject property are of intermediate resource value and the standard transition area or buffer required adjacent to these wetlands is 50 feet. The areas within impoundments 1-6 have been determined not to be waters of the United States, and therefore are not regulated wetland features. This classification may affect the requirements for an Individual Wetlands Permit (see N.J.A.C. 7:7A-3), the types of Statewide General Permits available for the wetlands portion of this property (see N.J.A.C. 7:7A-9) and the modification available through a transition area waiver (see N.J.A.C. 7:7A-7). Please refer to the Freshwater Wetlands Protection Act (N.J.S.A. 13:9B-1 et seq.) and implementing rules for additional information.

It should be noted that this determination of wetlands classification is based on the best information presently available to the Department. The classification is subject to change if this information is no longer accurate, or as additional information is made available to the Department, including, but not limited to, information supplied by the applicant.

Be advised, regulated activities involving the reconstruction of berms surrounding impoundment No. 1 was observed during the site inspection of January 29, 1998 (within buffers and wetland areas) and possibly within the waterfront development jurisdiction.

This letter in no way legalizes any fill which may have been placed, or other regulated activities which may have occurred on-site. Also this determination does not affect your responsibility to obtain any local, State, or Federal permits which may be required.

Page 3
Letter of Interpretation

In accordance with N.J.A.C. 7:7A-12.7, any person who is aggrieved by this decision may request a hearing within 30 days of the decision date by writing to: New Jersey Department of Environmental Protection, Office of Legal Affairs, Attention: Adjudicatory Hearing Requests, CN 402, Trenton, NJ 08625-0402. This request must include a completed copy of the Administrative Hearing Request Checklist.

Please contact David Q. Risilia of our staff at (609) 633-6754 should you have any questions regarding this letter. Be sure to indicate the Program's file number in all communication.

Sincerely,

Christopher Jones, Section Chief
Bureau of Inland Regulation
